Melamine Board

The best-selling door panels fit various decoration styles, offer the highest cost performance, and are a major competitive force in the market.

With comfortable color schemes and a rich variety of colors, solid colors, wood grains, and stone grains have become the "top choice" of young people nowadays.

Golden Thread

PVC

Equipped with a 1.3 million RMB imported Wemhöner membrane press,our 3D membrane pressing technology seamlessly integrates the door surface and edges into a single unit.
This eliminates the need for secondary edge banding, effectively preventing delamination and moisture issues over time.
Durable and scratch-resistant, it offers excellent surface flatness with a refined, high-end texture.

Cream Aesthetic

With the warm and flowing modern cream style as the spatial base, it breaks the boundaries for parent-child interaction.

No division between a "childre’ s area" and an "adult area"—
Only shared moments carefully nurtured by design.

Kids' Room

BEDROOM

Caring for childlike innocence and embracing nature together blend into a beautiful, warm and peaceful comfortable atmosphere.

Modern Simplicity

With concise lines and pure color blocks, it encloses a spiritual realm where thoughts roam freely.

Geometric lines and contrasting colors endow the whole space with outstanding texture.

WOOD VENEER

The industry's first wood veneer testing center, equipped with advanced color fastness testing technology;Premium surface treatment processes ensure a delicate texture and clear grain, restoring the authentic essence of natural wood;Extra-long raw material veneer eliminates the need for horizontal splicing, meeting the requirements for 2.7m ultra-high door panels.

WALK-IN CLOSET

Italian Light Luxury

BEDROOM

The bedroom and walk-in closet feature Orange-Coffee Walnut as the core tone. Originating from Italy’s profound coffee culture, the low-saturation orange-brown hue resembles a smooth Italian espresso, infusing the space with warmth and serenity.

Beige Oak

The turquoise-blue back panel paired with black-and-white flow-texture stone slabs rests gracefully in the elegant realm of "Green Mountains Merged with Dark Green".

Solid Wood

We select premium imported wood, with moisture content controlled at 8-12% and warpage no more than 10mm, ensuring exceptional board stability. Cabinet doors are crafted with 45° mortise-and-tenon joinery, delivering long-lasting stability and resistance to deformation. Silicone shock-absorbing beads are filled between the door frame and core panel to prevent deformation and loosening, guaranteeing outstanding durability.
